Adding EPISD email to the iPad
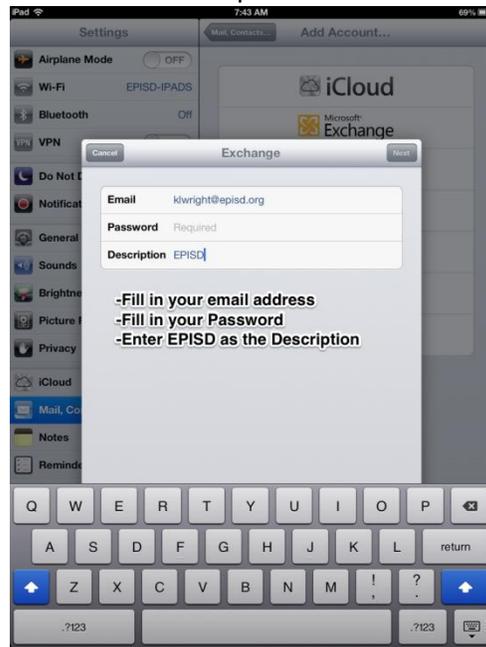

1. Tap on the Setting icon
2. Tap on Mail, Contacts, Calendars
3. Tap on Microsoft Exchange (select "Add account" first, if iCloud was added first)
4. Fill in your email address, password, enter EPISD for the description
5. Press the "next" button on the top right
6. Enter epmail.episd.org for the Server, enter your username (without the @episd.org) and leave the domain blank
7. Press the "next" button on the top right
8. Turn on mail and contacts
9. Turn on calendar if you use your EPISD Zimbra Calendar as your calendar for work. Click "next"
